

Dear Parents/Ccarers,

## We have improved so much !

This week, I wanted to share with you how much we have improved since we were inspected in Novemeber 2021. The team that works with your children - teachers, support and leaders have worked so hard to improve your child's(ren) curriculum and learning experinces.

Hovingham's curriculum starts in Nursery and is mapped through to Year 6, in English, Maths, Science, History, Geography, Computing, Art, Design Technology, Music, P.E and Religious Education. In Year 3 – Year 6, we teach your children Spanish. For your child(ren) to be successful and experience the best curriculum, it is so important that your child starts in Nursery, attends every day and stays with us to Year 6.

We have planned some super curriculum experiences with visitors and visits, all which will help your children know and remember more.

Personal Development remains a Hovingham strength! We continue to teach your child(ren) The Hovingham Way, our values of respect, tolerance, Perserverance and Creativity. We have worked hard with children and parents to improve playtime and lunchtime behaviour, children are telling us that it is better and improved.

This year, I will be working on the following areas:

1. Your children's writing so that they are confident writers.
2. Your children's dining experience and offer more sport opportunities at lunchtime.
3. Your children's speaking and listening skills so that they are confident speakers.
4. Your children's reading at home so that they can be successful readers.

This is going to be another great year, thank you for your continued support.

Next week teachers will be sending out curriculum newlsetters.

Mrs Halliday

Principal
